

The Insurance Authority (IA) is the independent statutory body whose principal function is to regulate and supervise the Hong Kong insurance industry to promote its stable development and to protect existing and potential policy holders.

We are looking for talents who share the same vision to join us!

IA now invites applications for the following position:

Manager (Market Development, Policy and Development)

The scope of work of the Policy and Development Division covers the following:

- Draw up regulatory policies and requirements for the insurance sector
- Formulate and co-ordinate proposals to enhance global competitiveness and sustainable development of the insurance industry
- Liaise and collaborate with standard-setting bodies, financial regulators and industry bodies, both local and overseas
- Engage with industry practitioners and relevant stakeholders to solicit ideas and gauge feedback on issues of mutual interest or concern
- Provide secretariat and administrative support for statutory committees

Reporting to the Senior Manager (Section Head), Policy and Development, the incumbent will assume the following:

Key Responsibilities

- Formulate and implement policy initiatives and market development strategies to facilitate the development of green and sustainable insurance.
- Liaise with industry stakeholders, government agencies and other financial regulators
- Develop appropriate regulatory guidance related to green and sustainability issues for the insurance sector, including climate risk management and climate-related disclosures
- Research on green and sustainable finance policy and market trends and assess the relevance to insurance market in Hong Kong
- Provide secretarial support for internal and external meetings
- Other duties as assigned by senior management to facilitate the administration of the statutory functions of IA

Requirements

- A Bachelor's degree in related disciplines, such as finance, insurance, actuarial science, economics, risk management, accounting, laws, public administration, environmental science/engineering, etc.
- Minimum 5 years' relevant experience in insurance, risk management, financial services, public administration and/or related fields
- Good understanding of the insurance industry and global financial markets would be an advantage
- Good knowledge in sustainable finance policy and regulatory issues for the insurance sector would be an advantage
- Self-driven with strong motivation, leadership, strategic thinking, analytical ability, problem solving and interpersonal skills
- Capable of operating effectively in a multidisciplinary team environment
- Excellent command of spoken and written English and Chinese

Remuneration Package

A competitive remuneration package commensurate with the successful candidate's experience and qualifications will be offered.

Application

Review of the applications will start as soon as possible and continue until **17 March 2023**, or until the post is filled. Interested applicants may send a letter of application quoting the reference number in the heading, together with a full resume stating current and expected salaries by clicking "[Apply Now](#)".

The Insurance Authority is an equal opportunities employer. Applicants not invited for an interview within 2 months from the closing date may assume their applications unsuccessful. Applications may be considered for other suitable positions within IA. All applications will be handled in strict confidence and the information collected will only be used for recruitment purposes. All information on non-shortlisted applicants will be destroyed after 6 months from the close of application.
