

The Insurance Authority (IA) is the independent statutory body whose principal function is to regulate and supervise the Hong Kong insurance industry to promote its stable development and to protect existing and potential policy holders.

We are looking for talents who share the same vision to join us!

IA now invites applications for the following position:

Manager (Policy and Legislation)

Reporting to the Senior Manager (Section Head), Policy and Development, the incumbent will undertake the following:

Key Responsibilities

- Liaise and coordinate with industry stakeholders, the Government and other financial regulators for policy formulation and market development on the supervision and promotion of InsurTech
- Identify emerging technology-related risks and conduct research on technology trends regularly
- Manage and keep track of progress on major Insurtech projects and initiatives
- Provide input to technical supervisory matters related to InsurTech including cybersecurity
- Provide support and prepare briefing materials for the Insurtech Facilitation Team in participating in or organizing various events, as well as liaising with counterparts and other external parties
- Promote the adoption of technology and drive innovation in the insurance sector
- Formulate regulatory guidelines for the adoption of technology including artificial intelligence
- Perform other duties as assigned by senior management to facilitate the administration of the statutory functions of the IA

Requirements

- A Bachelor's degree in computer science, software engineering, information systems, risk management, laws, business studies, economics, communication, public administration or related disciplines
- Minimum 5 years' relevant experience in insurance, risk management, financial services, public administration and/or related fields
- Experience in Fintech, Insurtech and policy development is an advantage
- Cyber Security related certification (e.g. CISSP, CISM, CISA) will be an advantage
- Good understanding of the insurance industry and global financial markets is an advantage
- Self-driven with strong motivation, leadership, analytical ability and interpersonal skills
- Capable of operating effectively in a multidisciplinary team environment
- Strong command of spoken and written English and Chinese

Remuneration Package

A competitive remuneration package commensurate with the successful candidate's experience and qualifications will be offered.

Application

Review of the applications will start as soon as possible and continue until the post is filled.
Interested applicants may send a letter of application quoting the reference number in the heading, together with a full resume stating current and expected salaries by clicking "[Apply](#)".

The Insurance Authority is an equal opportunities employer. Applicants not invited for an interview within 2 months from the closing date may assume their applications unsuccessful. Applications may be considered for other suitable positions within IA. All applications will be handled in strict confidence and the information collected will only be used for recruitment purposes. All information on non-shortlisted applicants will be destroyed after 6 months from the close of application.
