What can IIC offer to principals?

Can process new licence application anytime and anywhere

Can process licence renewal application with prefilled information

Can notify the IA of termination of appointment in a timely manner

Can access past registration records of 3 former Self-regulatory Organizations

Can generate management reports (e.g. agent list, and e-application status)

Can access the requisite CPD hours of its agents

How to apply for an IIC account

To apply for an IIC account, a principal should complete and return an application form (Form A2) to the IA. Once the principal has activated its supervisor account in IIC, it can create individual accounts at its own discretion. The application form together with the User Guide are available at the IA' website.
