Dear Sirs,

**Statements issued by the  
Financial Action Task Force on Money Laundering (“FATF”)**

(1) FATF Public Statement

Further to my letter of 26 April 2011, I am writing to inform you that the FATF issued an updated statement on 24 June 2011 concerning a number of jurisdictions that have been identified as posing substantial risks to the international financial system. The statement can be found on the website of FATF ([http://www.fatf-gafi.org/documentprint/0,3455,en\\_32250379\\_32236992\\_48263734\\_1\\_1\\_1\\_1,00.html](http://www.fatf-gafi.org/documentprint/0,3455,en_32250379_32236992_48263734_1_1_1_1,00.html)).

In the statement, the FATF identified the following jurisdictions as having strategic deficiencies in their anti-money laundering/counter-financing of terrorism (“AML/CFT”) regimes:

Iran

The FATF remains concerned by Iran’s failure to meaningfully address the on-going and substantial deficiencies in its AML/CFT regime. The FATF reaffirms its call on members and urges all jurisdictions to apply effective counter-measures to protect the international financial system from the on-going and substantial money laundering and financing of terrorism (“ML/FT”) risks emanating from Iran.

You should continue to apply the measures specified in our circular of 26 March 2009 when handling transactions related to Iran.

### Democratic People's Republic of Korea

The FATF remains concerned by the Democratic People's Republic of Korea's failure to address the significant deficiencies in its AML/CFT regime and the serious threat this poses to the integrity of the international financial system. The FATF calls on its members and urges all jurisdictions to apply effective counter-measures to protect the international financial system from the on-going and substantial ML/FT risks emanating from Democratic People's Republic of Korea.

You should treat transactions associated with Democratic People's Republic of Korea as posing a higher ML/FT risk and subject them to increased scrutiny and enhanced due diligence.

### Bolivia, Cuba, Ethiopia, Kenya, Myanmar, Sri Lanka, Syria and Turkey

The FATF calls on its members to consider the risks arising from the strategic AML/CFT deficiencies associated with Bolivia, Cuba, Ethiopia, Kenya, Myanmar, Sri Lanka, Syria and Turkey. These jurisdictions have not made sufficient progress in addressing the deficiencies or have not committed to an action plan developed with the FATF to address the deficiencies.

You should consider applying increased scrutiny and enhanced due diligence to transactions associated with these jurisdictions.

#### (2) FATF Statement on Improving Global AML/CFT Compliance: On-going Process

---

In addition, the FATF issued a separate statement on 24 June 2011 identifying jurisdictions that have strategic AML/CFT deficiencies for which they have developed an action plan with the FATF and provided a written high level political commitment to address the identified deficiencies.

The FATF and FATF-style regional bodies will continue to work with these jurisdictions and to report on the progress made in addressing the identified deficiencies. The statement can be found on the website of FATF ([http://www.fatf-gafi.org/documentprint/0,3455,en\\_32250379\\_32236992\\_48263965\\_1\\_1\\_1\\_1,00.html](http://www.fatf-gafi.org/documentprint/0,3455,en_32250379_32236992_48263965_1_1_1_1,00.html)).

Should you have any enquiries, please contact Mr. Ivan Chan at 2153 2756 or Mr. Keith Lee at 2153 2740.

Yours faithfully,
