To : Chief Executives of authorized insurers
carrying on general insurance business

Dear Sirs,

Employees' Compensation Insurance (Direct Business) Statistics for 2008
Motor Vehicle Insurance (Direct Business) Statistics for 2008

Thank you for your co-operation in providing your statistics on direct employees' compensation and motor vehicle insurance businesses for 2008.

We have compiled the statistics based on returns submitted by individual insurers. A copy each of the statistics in aggregate on employees' compensation insurance (direct business) by trade occupation, and on motor vehicle insurance (direct business) by class of vehicle are enclosed for your information.

These sets of statistics, which are in their seventh year of development, cover insurers with financial year ended within 2008. They contain information on the gross premiums receivable, gross claims paid and gross outstanding claims provision for the said period in respect of each of the accident years of 2002 to 2008. The statistics have been built up year by year over time to eventually depict the whole claims development process. We trust they will promote the transparency of employees' compensation and motor vehicle insurance operations; and assist the insurance industry in better assessing their risks.

/.....

We look forward to receiving your continued co-operation and support in enhancing the transparency of insurance business in Hong Kong.

Yours faithfully,

(Ros K. T. Lam)
for Commissioner of Insurance
