From : Ivy Au, Insurance Agents Registration Board

Date : 26 February 2003

Subject : **Names used by Registered Persons**

The Insurance Agents Registration Board is given to understand that some registered persons are using on their business cards names other than the ones shown on their Hong Kong Identity Cards. The Insurance Agents Registration Board has found this unacceptable. In order to avoid any unnecessary complaints, we hereby request you to inform all of your registered persons that when conducting insurance agency business, they should in all instances use the names shown on their Identity Cards (either in full Chinese or English) and if they wish to use other names on their business cards, they should in any case print on their business cards the names shown on their Identity Cards as well.
